

Lightstream Services for Microsoft Intune

What is the Solution?

Lightstream is a managed services provider that helps customers optimize, secure, and manage their cloud and network environments. Lightstream has deep expertise and experience in working with Microsoft Intune and can help IT teams enroll, configure, monitor, and manage mobile devices and applications across various platforms, such as Windows, iOS, Android, and macOS. Lightstream can also help clients integrate Intune with other Microsoft services, such as Azure Active Directory and Microsoft 365, to provide a unified and comprehensive solution for device and identity management.

Lightstream and Microsoft Intune are a powerful combination for customers who need a robust and reliable solution for mobile device and application management and security.

Solution Highlights

Assess: Lightstream can help customers assess their current mobile device and application land-scape, identify gaps and opportunities, and design a customized solution that leverages Intune and other Microsoft services to meet their specific needs and goals.

Implementation & Migration: Lightstream can help customers implement and migrate their mobile devices and applications to Intune, ensuring a smooth and seamless transition with minimal disruption and downtime. Lightstream can also help customers integrate Intune with other cloud and network services, such as VPN, firewall, and SD-WAN, to provide a holistic and secure solution.

Manage: Lightstream can help customers manage and optimize their Intune environment, providing ongoing monitoring, reporting, and support.

Optimize: Lightstream can also help customers optimize their Intune policies and configurations, as well as their cloud and network performance and costs, to ensure that they are getting the most value and efficiency from their solution.

Outcomes

- Accelerated Time to Value
- Secure Access for Remote Employees
- Increased Productivity
- Simplified rollout of BYOD and MAM

Why Lightstream?

Lightstream is a leading technology integrator with 20+ years in the network, cloud, and security fields. Lightstream is a Microsoft Gold Partner and a distinguished Security Solution Provider. As a member of the exclusive Microsoft Intelligent Security Association (MISA), Lightstream is regarded as a premier Microsoft organization equipped to plan, build, and run clients' Microsoft investments.
