

## Microsoft Solutions

### Optimize & Secure Your Microsoft Environment with Lightstream

As a distinguished Microsoft Partner and member of the exclusive Microsoft Intelligent Security Association (MISA), Lightstream excels in delivering comprehensive Microsoft solutions. With our deep credentials in Azure Infrastructure and Security, we are uniquely equipped to enhance your Microsoft capabilities through a diverse array of services. From specialized security assessments for Microsoft 365 and Azure to advanced DevSecOps consulting, we ensure meticulous attention to cyber defenses and system integrity.

Our offerings extend beyond professional services into robust Cloud and Managed Security Services, providing a holistic approach to cloud infrastructure management, cloud security, and operational efficiency through FinOps. With capabilities like Managed Defender and Managed Sentinel, we enhance threat detection and response, underscoring our commitment to securing and optimizing cloud environments for sustained business growth and resilience.

Empowering Digital Futures with Microsoft's Integrated Solutions

Celebrating two decades at the forefront of the digital revolution, Lightstream has been instrumental in driving businesses into a future enriched by technology, leveraging Microsoft's forefront solutions. As pioneers with roots deep in networking, we commit to guiding and leading organizations through the intricacies of today's digital landscape, utilizing the comprehensive suite of tools offered by Microsoft.

## TRANSFORM YOUR IT LANDSCAPE WITH LIGHSTREAM AND MICROSOFT'S COMPREHENSIVE ECOSYSTEM

### STRATEGY | NETWORK | CLOUD | INTEGRATED

We know the art of constructing resilient and secure business networks, harnessing the comprehensive array of Microsoft's technologies. Our comprehensive strategy ensures security throughout all digital interactions, incorporating Microsoft's unmatched cybersecurity, and Microsoft Intune for unparalleled management flexibility of devices and applications. Our approach also benefits from the collaborative power of Microsoft 365. We provide holistic solutions that fully utilize the capabilities of Microsoft Azure, thereby enhancing data management and expanding global connectivity. As your dedicated ally in the journey of digital transformation, we employ Microsoft Purview for robust data governance and CoPilot for deriving actionable insights and we do this with exceptional strategic and consulting expertise.
